

Tower Walk

An easy hike with views to the North on well prepared trails.

Directions: From the brewery parking lot, take the road to the right. Stay straight through the equipment field onto Route 66. Take a right onto Mountain View at the first intersection with a small pond on your left. Take the second left off of Mountain View to the tower field.

After enjoying the view, exit on the south path near the tower (on the stairs side). Turn right and continue along the top of the long field joining Dan's Drive. Stay on Dan's drive past the intersection with Virginia's Ridge on your left. Bear left at the next intersection onto Route 66 and stay straight all the way back to the Brewery. Total distance 1.25 miles.
